

Rocklin Little League Board of Directors Mission Statement

Since 1994, our mission as the Rocklin Little League Board of Directors.....and Little League as an organization, has been to cultivate the growth of young individuals into good citizens through the game of baseball. Our dedication is fostering a love for the game while instilling values of volunteering, character development, and community engagement.

As a board, we believe that the game of baseball is a unique opportunity to teach important life skills and promote responsibility. Our main objective is to create an environment that nurtures the development of well-rounded individuals, both on and off the field. Dedication to the goals and purpose of Little League is inherent with our Board as well as all volunteers.

Our commitment is to provide quality coaching, mentorship, and guidance to our players, emphasizing teamwork, respect, integrity, and leadership. By teaching these principles, we aim to create a strong foundation for our players to become positive contributors to their communities. Our commitment should always be the betterment of the majority of the young people in our league, and separate ourselves from what may only benefit a few.

While we recognize the value of volunteering in fostering personal growth and community connection, we firmly believe that it should be driven by intrinsic motivation rather than financial incentives. We strive to inspire a genuine desire to give back to the community and make a difference among our players, families, coaches, and community. We put pride in our league, and actively build a culture that spurs from volunteerism, that is our ongoing objective. Our pride stems from the urge to develop our community and not from our individual needs.

Through our board's commitment to creating good citizens, promotion of volunteering, and teaching invaluable life lessons through the game of baseball, it is our hope to shape the next generation of responsible, compassionate, and socially engaged individuals who will positively impact their communities and beyond. Our goal is to help shape the future of these kids and our community, teaching them to be the best versions of themselves both on *and* off of our beautiful ball fields.
